DON'T KICK.
Don't kick because your clothes are
thin.
And bitter cold the storm;
But just say with a cheerful grin:
"My hair keeps my head warm."

BIG SUCCESS

Was Hand Benefit At Gem Thursday
Afternoon and Evening—Nice
Sum Realized For Uni-
form Fund.

Thursday afternoon and evening the Maysville Brass Band gave a benefit performance at the pretty little Gem Theater. Manager Mills donated the proceeds to the cause. Shortly after 1 o'clock the band gave a concert in front of the theater and soon had a large crowd about the entrance. At 1:30 the show began. "The Vandover Affair," a four-reel Broadway favorite Kamei feature was the headliner on the program. This was followed by a beautiful solo by Mr. Raymond Muse, the talented tenor singer of the Maysville Band. After Mr. Muse the Vitagraph comedy, "Back to the Primitive," featuring Mr. and Mrs. Sidney Drew, was shown. During the run of the pictures a nine-piece orchestra composed of the members of the band, played several popular selections.

The evening performance drew large crowds and the theater was packed to the doors several times. A quartet composed of Messrs. Raymond Muse, Nelson Bratton, Rees Ells and Glen Mearns, delighted the audiences with their singing of the two popular selections, "John Brown's Body" and "Under the Lilies." The total proceeds of the performances will amount to a tidy sum as a foundation for the purchase of the uniforms for the organization.

NOTICE.

All persons indebted to the estate of R. B. Lovel, deceased, will please call and settle. All who have claims against said estate will please present them, properly proven, for payment.

MATTIE S. LOVE,
Executive.

WHO IS SHE?

One of the fairest daughters of Maysville will within a few weeks become the bride of very popular young business man of this city. As yet we are not in a position to tell the names of the parties concerned.

NOTICE! NOTICE!

No more turkeys wanted until after Thanksgiving.
E. L. MANCHESTER PRODUCE CO.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.
This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.

Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

ROUSING MEETING

Maysville Chamber of Commerce
Elected Officers At Thursday
Night Meeting—Splendid
Selection of Leaders
Is Made.

Thursday evening at the courthouse the first regular meeting of the new Maysville Chamber of Commerce was held.

The meeting was called to order by Organizer Chaffee, who explained the reasons for the meeting in a few brief words. An outline of the work of the organization was also given, and if half of the plans are carried out, Maysville will be improved 100 per cent.

Following this a letter from Hon. J. Wesley Lee, Mayor of Maysville, was read, telling the body of his being called away to Cincinnati to the annual meeting of the Interstate Water Routes Association, and regretting very much his being unable to attend the meeting of the Chamber.

Following this, the election of officers was held. Several fine selections were made for the office of president, and when the votes were counted Mr. E. T. Kirk proved the winner. After a close race, Mr. Thomas H. Gray was chosen vice president, while Mr. Thomas A. Keith was elected treasurer.

Following the election of officers the selection of a board of directors of the organization was held. After much balloting the following splendid selection was made:

Director of Organization—W. D. Cochran.

Director of Business Affairs—A. L. Merz.

Director of Civic Work—W. Holton Key.

Director of Agricultural Affairs—Hon. Stanley F. Reed.

Director of Industrial Work—H. J. Cochran.

The reading of a very liberal letter from Mr. M. A. Swift, of the M. A. Swift Dring Company, offering the rooms over his establishment on the corner of Market and Second streets as offices for the body free of charge for the ensuing year was well received. This matter was referred to the board of directors.

This ended all the regular business of the meeting and it was adjourned.

Every one who attended the meeting was very enthusiastic over the outcome and especially over the election of officers. It seems to be the opinion of all that with this splendid body of leaders the course of the new Maysville Chamber of Commerce will be one of success.

ENGINE DERAILED.

C. & O. engine No. 930 was derailed at Zwellgart's crossing in the West End Thursday evening about 7 o'clock. Train was delayed about two hours while the engine was placed back on the track.

FLYNN AFTER CONSPIRATORS

Basket Ball Notes

MAYSVILLE AND GERMANTOWN TEAMS MEET TODAY.

This afternoon, weather permitting, the fast second team of the Maysville High School will journey to Germantown to meet the first team of the Germantown High School on the Germantown outdoor field. This game will probably decide the championship of Mason county, as Maysville and Germantown have both triumphed Maysville and have not lost a game to any team in the county.

The winner of this game will have the hump on any team for the county championship. Coach Dale, of M. H. S., has whipped the second team of the local High School in shape until it makes the first team hop to trim them in a practice game.

Several of the players on the second quintet are only kept off the first aggregation because of their lack of weight. When teamwork is taken into consideration the second team has it on any High School in this vicinity, and if the dope is not very badly upset they will walk off with the game at Germantown this afternoon.

The first team of the Maysville High School will take on the fast Brooksville High School team this evening at the M. H. S. gymnasium. This game promises to be fast and exciting, as both teams are in good condition and will fight until the finish. Coach Dale hopes to run up a big score on the Bracken county boys and has coached his men to play fast and hard. The following will probably play in the game: Capt. Hampton and Edward Parker, forwards; Clarence Wood, center; Charles Kerr and Henry Sheagards. The game will be called at 7:30. Prof. G. C. Manee will referee the game.

NEARING COMPLETION

Work On Model Road Will Soon Be Completed—Will Probably Be Thrown Open To Public Use Ahoni December 10.

Work on the mile and a half of model road south of this city on the Maysville and Mt. Sterling turnpike is about finished.

All about a hundred yards of rock have been placed on the roadbed and as soon as the weather permits, this will be finished.

Already the Merrill Company, the firm that has the contract for the asphalt body on the road, have started to work.

Their method of placing the asphalt on the roadbed is very novel and well worth going far to see.

The asphalt comes to this city in a railroad tank car and is in a semi-solid form.

The car was sidetracked in the C. & O. yards in the old coal elevators on Limestone street. Here steam connections were made with the big boilers of the Mason Lumber Company, and the asphalt is melted by circulating hot steam through coils of pipes in the car.

After being heated the melted asphalt is placed in a tank fitted up for the purpose on the large truck of Farrow & Company.

In this way the oil is conveyed to the pike in a boiling heat.

As soon as it is taken to the works, a powerful blower is placed on the rear of the auto tank and all the dust is blown off the pike before the asphalt is poured on.

An engine with the pressure of several hundred pounds is required for the work.

As soon as the oil touches the raw rock it sinks into the loosely laid rock covering and when cooled makes a solid pike that will resist all water.

The method that is used in placing the asphalt on the pike has attracted many and every day the pike is lined with spectators watching the work.

As soon as the contractors have finished with the asphalt work the pike will be thrown open to the public.

This will be about the second week in December, if the weather conditions do not delay the work.

AGED CITIZENS OF COUNTY DIES.

Mr. Thomas H. Rye, aged 68, one of the most respected citizens of the county, passed away at his home near Washington on Thursday about noon, after a prolonged illness of several months. The funeral will be held from the residence of Mrs. Carolina Downing, in the county, Saturday morning at 10 o'clock. Interment in the Washington cemetery.

THIRD STREET M. E. CHURCH RE-VIVAL.

The Rev. D. Wendel Brown is still drawing people to the services at the Third Street M. E. church. His subject Thursday night was "Is Your Title Clear?" It was clear, logical and heart searching. At the close there was a very interesting altar service. Make your arrangements to attend these services.

ARRESTED MAN REFUSES TO GIVE NAME.

Chief of Police James Mackey arrested a man Thursday evening who was creating a disturbance in one of the business houses on Market street. When placed in the county jail the fellow refused to give his name. In searching him Chief Mackey found a large sum of money on his person.

Thursday afternoon we noticed four Councilmen with their heads together whispering and motioning as if they had something up their sleeves. As far as we are able to find out there will be a hot session at the next meeting of the City Council.

SOMETHING DOING.

Thursday afternoon we noticed four Councilmen with their heads together whispering and motioning as if they had something up their sleeves. As far as we are able to find out there will be a hot session at the next meeting of the City Council.

STATE CONFERENCE

Or Boys To Be Held In Paris From November 26 To 28.

Thursday afternoon P. L. Corbin, travelling secretary of Y. M. C. A. work, addressed the boys of the High School regarding the Fourth Annual State Conference of Older Boys, to be held at Paris, November 26 to 28.

The Paris High School Club and V. M. C. A., and Paris churches are making arrangements and are expecting to entertain 400 out-of-town delegates. Mr. Corbin wants Maysville to send a bunch.

WHO MAY ATTEND.

Delegates from all high and preparatory schools, boys' clubs, Boy Scouts, Sunday school boys with proper credentials. Delegates must be 15 years of age or over. Here is a chance, Mr. Sunday School Superintendent to do good work by sending a delegate from your school. All expenses amount to \$2.00.

You will hear some great speakers, such men as L. W. Dunn, Blake W. Godfrey, Hon. J. C. W. Beckham, Hon. W. J. Bryan and other men of note.

WHAT IS THE OBJECT OF ALL THIS?

It is to plan a campaign by which we may elevate the use of our State, uniting, maintaining and extending throughout our schools high standards of Christian character. To discuss together our points of strength and weakness, to mingle with each other in three days of pleasant fellowship, and to form friendships with others throughout the State who are interested with us in the highest things.

The boys will have a great time. Maysville should send a good delegation.

Pars is the place, November 26 to 28 is the time and \$2.00 pays all expenses from the time you leave until you return.

PENNY LUNCH BENEFIT.

Monday evening, November 22, under the auspices of the Parent-Teacher Association, the children of the First District school, will give an entertainment at the school building at 7 o'clock.

The children of the various grades are preparing quite an interesting program, well worth the price of admission, 15 cents for adults and 10 cents for children. There will be cakes and candies for sale. The response we have received in the past is an inspiration to continue our efforts in the support of the penny lunch, which has done so much to build up the general condition of the school.

Rev. and Mrs. A. F. Stahl are at home from a visit to Lima, O., where the former officiated at a church wed-

ding in which his niece was the bride.

Their method of placing the asphalt on the roadbed is very novel and well worth going far to see.

The asphalt comes to this city in a railroad tank car and is in a semi-solid form.

The car was sidetracked in the C. & O. yards in the old coal elevators on Limestone street. Here steam connections were made with the big boilers of the Mason Lumber Company, and the asphalt is melted by circulating hot steam through coils of pipes in the car.

After being heated the melted asphalt is placed in a tank fitted up for the purpose on the large truck of Farrow & Company.

In this way the oil is conveyed to the pike in a boiling heat.

As soon as it is taken to the works, a powerful blower is placed on the rear of the auto tank and all the dust is blown off the pike before the asphalt is poured on.

An engine with the pressure of several hundred pounds is required for the work.

As soon as the oil touches the raw rock it sinks into the loosely laid rock covering and when cooled makes a solid pike that will resist all water.

The method that is used in placing the asphalt on the pike has attracted many and every day the pike is lined with spectators watching the work.

As soon as the contractors have finished with the asphalt work the pike will be thrown open to the public.

This will be about the second week in December, if the weather conditions do not delay the work.

RESOLUTIONS.

At a called meeting of the officers and directors of the Mason County Building & Savings Association, the following resolution were adopted:

See Elsie Janis

See Elsie Janis in the swimming party. See Jack save Elsie Janis from drowning. See Elsie as a cowboy in riding breeches and boots. See Elsie in mimic singing and dancing equalled to any Montana cowboy. Oh, my, Elsie is great. "Nearly a Lady" is a picture that will *please* the children, make the men *smile* and the ladies *happy*. Don't miss this film. "Bosworth will not disappoint you in "Nearly a Lady," with Elsie Janis as a star. Admission only 5c and 10c. Follow the crowds to where the best films made are shown--the house where all the "Big Stars" shine.

GAS RATE WAR

On In a West Virginia Town, and One Company Is Supplying Churches and Schools For Nothing.

A gas rate war is on in East Bank, in West Virginia. After the Vesperine Gas Company, controlled by Col. William Seymour Edwards, had been furnishing gas there for years at 20 cents a thousand cubic feet, the Kanawha Fuel Company was granted a franchise to furnish the town's fuel supply at 15 cents.

The Vesperine Company cut its price to 15, followed by a cut of 3 cents by the Kanawha Company.

Colonel Edwards announced that his company would sell gas at 12 cents and supply all the school buildings and churches for nothing.

More men would acquire knowledge if they could absorb it without being taught.

The schooner is absolutely no good as a warship.

Quality ---Not Quantity

It's not so much the quantity as the quality of food that counts. Digestibility and nutritive value are the prime considerations.

Grape-Nuts

with Cream

is a splendidly balanced food that affords rich nourishment and, being partially pre-digested in making, extracts but small tax on the digestive organs.

Grape-Nuts retains all the nutriment of whole wheat and barley, including the mineral salts, phosphate of potash, etc., so necessary to proper nourishment, though notably lacking in white bread and many other foods.

A vast army of regular Grape-Nuts users can say from experience

"There's a Reason"

Sold by Gro-
cery where.

WASHINGTON THEATER

SHOE MACHINERY OFFICIAL BLAMES PRESIDENT

Boston, November 19.—One of the most interesting studies of that phase of the political situation which concerns the attitude of "big business" toward the Wilson administration, is afforded by the simultaneous publication of an attack on Wilson and the present regulation of business from the pen of an official of the United Shoe Machinery Company, and the issuance of an injunction in the United States District Court in St. Louis against the enforcement of the contracts of the same company.

The injunction was granted on November 10, and on the same day Hon. Louis A. Coolidge, treasurer of the United Shoe, and former Assistant Secretary of the Treasury, came out with his broadside in *The Capitalist*, a Boston publication. The decision of the court and the views of the machinery official are interesting reading:

By United States Court At St. Louis.
"The question before me is whether these clauses (in the United Shoe contracts for use of their machinery by shoe manufacturers) are prohibited by the Clayton act. There can be but one conclusion, and that is that all of the clauses, except one, clearly are violations of the plain words of the statutes. There can be no question but that the Clayton Act was aimed directly at the defendant, the United Shoe Machinery Company.

"The defendant insists that the act can only apply to leases made after the law took effect. Counsel for the defendant contends that if the injunction, as prayed for, he granted, terrible damage will be done, not only to the defendant, but to hundreds of manufacturers in the United States who are lessors of the United.

"If the course adopted by the defendant has had the effect of stifling competition and creating monopoly, then the law should be enforced, even if it is going back to the awl and wooden peg.

"The continuance of the business heretofore practiced by the defendants and its lessees might and probably would further enrich them, but this would be done at the expense of the men, women and children who, by reason of the monopoly, are forced to buy shoes from such lessors or manufacturers.

"The high prices paid by manufacturers for the use of the defendant's machines fall eventually on those who wear the shoes. It is in the interest of and for the benefit of these that the law was enacted.

"It is hard to see how the ingenuity of man could have devised a scheme that would more effectively create a monopoly than the scheme set forth in the bill in this case."

"The injunction is aimed specifically at that clause in the contract which authorizes the United Shoe to withdraw its machines from shoe factories in case the contract is violated.

"The high prices paid by manufacturers for the use of the defendant's machines fall eventually on those who wear the shoes. It is in the interest of and for the benefit of these that the law was enacted.

"The high prices paid by manufacturers for the use of the defendant's machines fall eventually on those who wear the shoes. It is in the interest of and for the benefit of these that the law was enacted.

Preparedness!

When Old Man Winter begins his big drive under Field Marshal Snow, Ice and Zero—be prepared.

Get the jump on him by getting that overcoat now.

THE "ROLAND"

(By the House of Kuppenheimer)

is a whale of an overcoat for a young fellow. We know just about what young fellows want to spend for an overcoat and we've a big lot of beauties at

\$20, \$25 and \$30.

GEO. H. FRANK & CO.

Maysville's Foremost Clothiers

With a barge stage at Pittsburgh, very little coal was shipped out because it was needed there.

The rise in the Great Kanawha river will make sufficient water at Pt. Pleasant, W. Va., for the Kanawha towboats to get out with all the Kanawha coal that is loaded at that point for Cincinnati and Southern points.

There will be placed in the river in the near future, at Dam No. 12, Ohio river, Warwood, W. Va., a small temporary cofferdam, which will obstruct navigation for a width of about fifty feet at a point 368 feet out from the river wall of the lock. The navigable channels will be open for a width of 300 feet adjacent to the river wall and 300 feet in width adjacent to the river pier.

The W. C. McCune, a towboat, was burned at Dravosburg. The damage is estimated at \$3,000. The boat formerly operated as a packet boat in the Ohio river, operating from Cincinnati. The W. C. McCune was built in Frankfort, Ky., in 1908, was seventy-five feet long, fifteen feet wide and had a gross capacity of thirty-eight tons. The crew of six men who were aboard the boat when the fire was discovered escaped to the shore. The boat was owned by Captain Howard and Charles T. Campbell.

WHEN DEPALMA LEARNED HIS LESSON.

Ralph DePalma is, perhaps, one of the squarest automobile racing drivers who ever steered a car. Ralph got into the racing game a score of years ago, when he won a bicycle race at Buffalo, and with the proceeds he paid for the mount which he pedaled to victory.

He learned his lesson, with regard to squareness, in one of his first motorcycle races, the first contest, in fact, which was run by the Federation of American Motorcyclists at the old Manhattan Beach track at Long Island, back in 1903. In that meet Ralph ran under false colors, donning the jersey, but forgot another, and was only to be disqualified and suspended. His suspension, which lasted several years and which kept him out of not only motorcycle contests but automobile and bicycle contests as well, was a bitter pill to the then young speed artist, and it likewise cost him a pretty penny. But he learned his lesson, and not since then has Ralph DePalma done a thing deserving of even a reprimand from a race referee.

MUD AND MORE MUD.

The citizens of East Second street are thinking seriously of buying a motor boat to use on their street, which is a very bad condition. The city did something for this street, the heavy hauling of the toads starts.

tonight school has been open among the colored people by Mrs. E. Gardner, county school superintendent of Nicholas. There is a attendance and the old people are taking much interest in the idea and are pleased with the idea being taught to read and write.

WEAK AND TIRED WOMAN

Tells How Vinol Made Her Strong.

Maysville women who are weak, run down and suffer from the consequent effects of such a condition, will be interested in Mrs. Odell's letter. She

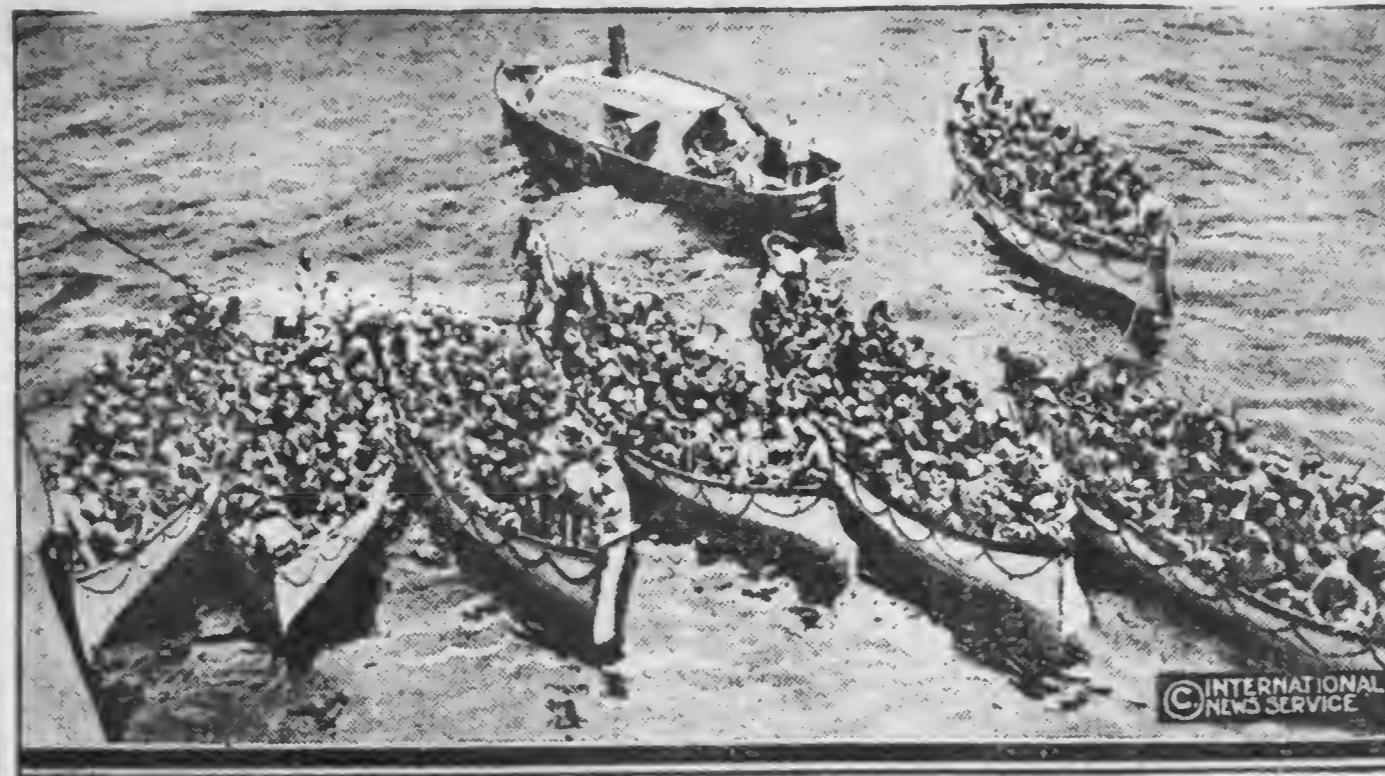

"I am a farmer's wife and was all run-down, weak, tired, and suffered from indigestion, and sometimes it seemed as though I could not keep around and do my housework. I had taken many medicines without benefit. One day I saw Vinol advertised, and made up my mind to try it. I have taken four bottles and have gained seven pounds in weight, am much stronger, and feel many years younger than before." Sarah Odell, Lockport, N. Y.

The reason Vinol builds up weak, tired women so quickly is because it contains a delicious combination of the three most successful peptonate of iron to enrich and vitalize the blood, the strength-creating body-building elements of fresh livers without oil, and beef pep-

ut to say to every weak, run-down woman in Maysville, she will return your money if you help her as it did Mrs.

Company, Maysville, Ky.

LANDING BRITISH TROOPS AT SALONIKI

This is the first photograph to reach America showing the arrival of the allied expeditionary force at Saloniki for the relief of the Serbians. The boats loaded with British soldiers are about to be towed ashore.

"NEARLY A LADY"

To Be Star Attraction At Washington Theater Tonight With Elsie Janis, the Comedienne, In the Cast.

That a fork was ever meant for anything but spear-feeding never dawned on Frederica Calhoun until the arrival at her father's big Montana ranch of Lord Cecil Grosvenor, a prospective suitor. He opened her simple Western eyes to an hitherto undreamed-of world of refinement and good form, and she in turn appealed to his imagination by her crack riding, her beautiful lariat dances which the cowboys had taught her, and her unfailing sweet disposition and sunny, bubbling good spirits.

But on their betrothal, with its subsequent visit to Lord Cecil's sister, a New York society woman, the ldy showed a flaw. Redfern gowns, afternoon teas and the formal social routine of the patrician Knickerbockers did wonders for Frederica, transforming the cocoon into a butterfly. But to Grosvenor it was demoralizing.

Scene From "Nearly a Lady."

and word of his escapades reached Frederica's ears. The night of the French ball she borrowed a suit of men's evening clothes and hid by a stage door where with her own eyes she saw her fiance come out with the dazzling show girl with whom his name had been connected. Indeed, Frederica's "young man" makeup was so complete that Grosvenor grew jealous when Frederica eyed his companion so straight and hard.

The fatal break was widened when Frederica's prospective sister-in-law and, as it turned out, as her brother had been, died as her brother had been.

Frederica returned to a man whose word she knew was good as his bond, and thanking her stars she had learned in time that man was not to be judged by the way he handled a fork.

VETERAN EDITOR

Of Eastern Kentucky Enters the Soldiers' Home At Dayton, O.

Spencer Cooper, the veteran founder and editor of the Hazel Green Herald, the oldest newspaper in the Kentucky mountains, which has been in existence for almost a third of a century, last week entered the National Soldiers' Home at Dayton, O. Mr. Cooper has been in ill health for some time and the weight of years of toil has told heavily upon him. He is well known among the newspaper fraternity all over Kentucky, especially among those of the older school.

DEATH OF MRS. JOHN STRAUS-BAUGH.

Mrs. John Strausbaugh, mother of Mrs. Charles Wise, of the West End, with whom she made her home, died Thursday morning.

Mrs. Strausbaugh was 81 years of age and had been an invalid for years. She is survived by seven children: Mrs. A. J. Norris, of Covington; Mrs. Robert Snapp, Mrs. Charles Wise, Henry J. Thomas, William and Frederick, all of the county; also one sister, Mrs. Rebecca Ann Johnson, of Morristown.

It is to say to every weak, run-down woman in Maysville, she will return your money if you help her as it did Mrs.

Company, Maysville, Ky.

THE PASSING OF BOOKER T. WASHINGTON.

SOME CAPITAL

Kentucky Corporation Is One of the Big Things in Money Matters.

With the passing of Booker T. Washington, the colored race loses its most progressive character. Dr. Washington was born in slavery near Hale's Ford, Va., in 1857 or 1858. After the emancipation he moved to Malden, W. Va. In his youth he was ambitious for an education and just as soon as he had saved sufficient money to pay his stagecoach fare to Hampton, Va., he entered school there under General Armstrong. He worked his way through the school, graduating in 1875. He taught in the school until 1881, when he organized the Industrial School for Negroes, which became his life work. From a rented shanty church, the institute has grown until today it owns 3,500 acres of land in Alabama and has nearly 500 buildings worth \$500,000.

Perhaps his greatest speech was the one he delivered at the Cotton States Exposition, at Atlanta, in 1895, in behalf of his race. It won for him the sympathy and support of the leading Southerners. He was not only an educator, but was an author of some note. In 1896, Harvard University conferred the honorary degree of Master of Arts upon him, and in 1901, the degree of Doctor of Laws was conferred by Dartmouth College.

He had been failing in health for some time, and his condition became serious last week while he was in the East on a lecture tour. He realized the end was near, but determined to make the trip home. He said, "I was born in the South, have lived all my life in the South and expect to die and be buried in the South."

He reached home at midnight Saturday and died at 4:40 o'clock Sunday morning. His death was caused by a nervous breakdown.

The great lesson of his life is that strong purpose backed by hard work will win over all obstacles.

ANNIVERSARY OF FAMOUS GETTYSBURG ADDRESS.

Fifty-two years ago today, President Abraham Lincoln delivered his famous Gettysburg address at Gettysburg, Pa., an address that has lived through the years and will live forever as the crowning effort of American oratory. We here reproduce it in full:

Fourscore and seven years ago our fathers brought forth upon this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal.

Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But in a larger sense we can not dedicate, we can not consecrate, we can not hallow this ground, the brave men, living and dead, who struggled here, have consecrated it far above our power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us, the living, rather, to be dedicated to the great task remaining before us; that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom; and that government of the people, by the people and for the people, shall not perish from the earth.

E. W. LANE, REV. R. JACKSON, REV. E. W. S. HAMMOND, DR. W. C. PATTON, J. MARION TAYLOR, W. H. HUMPHREY, A. V. TRAVIS.

WOMEN FOR FEDERAL CHILD LABOR LAW.

Three State federations of women's clubs went on record in one week as favoring the Federal bill to prohibit the shipment in interstate commerce of child-made goods. They were Pennsylvania, Indiana and New Jersey federations, representing more than 15,000 women.

The action taken by these women is the direct result of the National Child Labor Committee's second campaign for the Federal child labor law. The bill which the committee has drafted will be introduced in Congress early in December and is similar in form to the Palmer-Owen bill which passed the House of Representatives last year by an overwhelming majority, but which was defeated in the Senate by the objection of Senator Overman of North Carolina. If the bill passes, it will prohibit the shipment in interstate commerce of goods in the production of which children under 14 have been employed in factories, or under 16 more than eight hours a day or at night, or under 18 in mines and quarries.

Endorsements and offers of co-operation from organizations and individuals are daily pouring into the offices of the National Child Labor Committee, and the committee is confident that the bill will be passed by the next Congress.

Carl Jones, 22, was killed by falling slate in the Yellow Creek mines. Young Jones had attended the funeral of his wife the day before, she having died a few weeks after their marriage.

Mr. J. T. Mayo, of Paintsville, was in this city Thursday on legal business.

Mr. L. N. Hull, of Flemingsburg, was in this city Thursday.

STOLE A MARCH

On His Maysville Friends and Married a Fleming County Widow.

Colonel Samuel P. Bridges, one of the best known young-old men in this community, whose friends are legion and who extend congratulations with The Ledger, on Wednesday was married at Flemingsburg, as the following from the Times-Democrat shows:

"Samuel P. Bridges, 76, of Mason county, and Mrs. S. A. Stoopdale, 79, the bride, is the widow of the late S. C. Stockdale, of near Ewing, and is the mother of fourteen children, while the groom is a widower, but we did not learn the number of his wife. We wish them much happiness."

"Uncle Sam" has been making his home with his son-in-law, Mr. Ed. S. Cloninger, in Columbus, O., where they together have for the last several years conducted a successful business in the manufacture of ginger ale and mineral waters of various kinds, and while on one of his visits here this week he quietly went over to Fleming and got married.

The happy couple will reside in Columbus for awhile.

C & O SUED SOME MORE

Damages in the sum of \$3,000 are requested by Bess Singleton Cree, in a suit instituted Wednesday by her in the Kenton Circuit Court in Covington against the C. & O. railroad.

She says that at Madison avenue and Seventeenth street the south gate was dropped when she attempted to cross the tracks on November 2, inflicting injuries and damaging her automobile.

Mayor J. Wesley Lee was in attendance at the annual conference of the Interstate Water Power Association, held in Cincinnati Thursday.

Mrs. William C. Crowell and little daughter, Virginia, have returned from a visit to Mrs. Crowell's mother, Mrs. Bromley, of Covington.

Mrs. William McMullen, of Cincinnati, is the guest of her sister, Mrs. Frank S. Bierley, of East Second street.

Dr. J. C. Browning and wife, of Germantown, were among Maysville shoppers Thursday.
